

## Course Evaluation of Undergraduate Spanish Courses

At the Spanish Section of the University of Hong Kong, our opinions are among the Section's most important resources for assessing and improving the quality of teaching. While student course evaluations are optional in all the courses offered by the Spanish Section, the forms will be available to the Section for feedback and assistance in their teaching.

Do not write your name on the evaluation form. Even if you would love to be exposed of your identity, we would insist on preventing that from happening.

The evaluations will remain anonymous and will not be shared with the instructor until after grades have been submitted for the semester. Your personal data including your course code and academic program will be collected in this survey about your opinion to the Spanish courses and tutorials.

This study would look at all 3 sections of the course: Lectures, LAB, Speaking.

This form, however, does not guarantee any official responses undertaken by the Spanish Section. (Edit: May 19, 2020)
